Career Objective

Motivated Computer Science Engineering student seeking opportunities to apply technical knowledge and creative problem-solving skills in a professional environment. Passionate about software development, UI/UX design, and emerging technologies, with a strong desire to learn, innovate, and contribute to organizational growth.

Education

- 1 B.E – Computer Science and Engineering, Jai Shriram Engineering College (2027) – 81.5%
- 2 HSC – St. Joseph Matric Higher Secondary School (2022) – 70%
- 3 SSLC – St. Joseph Matric Higher Secondary School (2020) – Passed

Technical Skills

- 1 Programming Languages: C, Java
- 2 Web Technologies: HTML, CSS
- 3 Design Tools: Figma (UI/UX Design)
- 4 Technologies: MERN Stack (Basics), IoT Fundamentals
- 5 Areas of Interest: Software Development, UI/UX Design, Cloud & Emerging Technologies

Projects

- 1 Language IQ App – Interactive application to improve language learning skills.
- 2 Maze Solving System – Algorithm-based puzzle solving implementation.
- 3 Code Quiz App – Game-based platform for learning programming languages.
- 4 Blaze Buster (IoT) – Fire prediction system sending SMS alerts and emergency calls.

Internships & Training

- 1 UI/UX Designing Course – Learned color theory, wireframing, and prototyping using Figma.
- 2 Edify Techno (15 Days) – Experience in software development and testing.
- 3 Gateway Solutions (5 Days) – Exposure to networking concepts and IT operations.
- 4 Emglitz Technology (15 Days) – Embedded systems and IoT fundamentals.
- 5 Hands-on training in MERN Stack development.

Achievements

- 1 Participated in GDG Hackathon.
- 2 Presented paper on Neuralink (Brain Chip Technology).
- 3 Presented paper on Fog Computing.

Personal Details

- 1 Date of Birth: 17 April 2006
- 2 Languages Known: Tamil, English

3 Hobbies: Creative designing, Listening to music, Exploring new technologies
